THE PRACTICAL NURSERYMAN.

A TRADE JOURNAL.

Vol. 5.

HUNTSVILLE, ALA., DECEMBER, 1897.

No. 12

To Nurserymen, Florists and Seedsmen.

Jackson & Perkins Co.,

Newark, Wayne Co., New York.

Growers of choice specialties for
Nurserymen and Dealers.

NOVELTIES:

Yellow Rambler Rose. The only
Hardy Yellow Climber.

**Lord Penzance's Hybrid Sweet
Briars.** Very valuable and pleasing
novelties.

**Cumberland (Trade Mark) Rasp-
berry.** The largest black-cap known.

Free plates of these valuable novelties
furnished to all reliable houses who will
handle them. Handsome descriptive circulars
at less than cost.

ROSES, new and old. A splendid stock
of strong field grown plants, on their own
roots and budded.

CLEMATIS, largest stock in this country.
Strong 2-year plants; MME. ED.
ANDRE, the new red, and all the best
older sorts.

SHRUBS. Splendid blocks of HY-
DRANGEA P. G. and JAPAN SNOWBALL, as
well as a good assortment of other
standard kinds.

**ORNAMENTAL TREES, GOOSEBERRIES, PLUMS,
PEACHES, ASPARAGUS, BLACKBERRIES,
CHERRIES, RHUBARB, RASPBERRIES,
QUINCES, CURRANTS, APPLES,
ETC., ETC.**

If wanting Peaches, we can interest you.
We have a large stock of extra fine strong trees,
guaranteed free from scale or disease, and we
will not be undersold.

Trade List will be mailed soon. If not re-
ceived early this month, write us for it.

Jackson & Perkins Co.,
Newark, New York.

APPLE SEEDLINGS.

My seedlings are grown on our new
UPLAND PRAIRIE, and I am expecting some
very fine plants, which I shall be pleased
to quote in large or small lots.

Have been growing seedlings for the
past eighteen years, and you can depend
on good grades and packing.

All seedlings guaranteed to arrive in
good condition. Address

J. A. GAGE,

FAIRBURY, NEB.

FRANK HANCOCK,

MATHERS, WISCONSIN,

—DEALER IN—

Sphagnum Moss.

I am absolutely the only dealer in this vicinity
who owns the swamp from which the moss
is taken, and I personally superintend getting
out the moss for my customers. I can there-
fore guarantee my moss to be of the very best
quality and the bales to be of the largest size.
Moss can be supplied in any quantity desired
either in bulk or in bales. Be sure to get my
prices before placing your orders elsewhere.

ENVELOPES of every kind, size and quality, at Factory Prices.

Send your samples and
get quotations and save from 10 to 50 per cent.

Order in time to have them sent by freight. Any
other Printing, Lithographing, Engraving or Blank
Books you may require can be sent at same time, at
an equal saving in price.

THE PRACTICAL NURSERYMAN.

PUBLICATION OFFICE:

HUNTSVILLE, ALABAMA.

W. G. DICKSON, PRINTER.

W. F. HEIKES, Editor and Manager.

Issued Monthly. Sent only to those in the trade. We do not solicit subscriptions. If you value THE PRACTICAL NURSERYMAN, please accept it with our compliments. Our circulation covers a list of 2,300 selected names of customers and correspondents, made up through many years of active wholesale business. Every name represents a buyer of nursery stock, and this list contains only the names of those who buy at wholesale.

Advertisements 10c. a line agate; \$20.00 a page; one-half page \$10.00; one-fourth page \$5.00. Advertisements must be handed in one week before the day of publication. Advertisements for less than \$5.00 will not be accepted. Discounts: 3 times 5 per cent.; 6 times 10 per cent.; 12 times 25 per cent.

The circulation of this Journal will be confined strictly to Nurserymen, Florists and Seedsmen, and only invited advertisements of articles pertaining specially to these trades will be inserted.

Aerating the Soil.

As far as we can judge from horticultural literature, the knowledge gained a generation or two ago, that the roots of plants require air as well as the leaves, has almost died out. Taking up the gardening papers of that period we find articles from the present head of the Experimental Garden at Washington, Mr. Wm. Saunders, showing the absolute necessity of aerating the soil in order to get the best results for cultivation; and this idea was taken up and reiterated everywhere until it seemed to be generally prevalent. At that time it was difficult to find a gardener of any intelligence but who seemed to thoroughly understand the point. It was chiefly to this end that advantage was found in under-draining. There was a time, when placing drains under the surface was started, that it was laughed at by the "practical man." "Draining the ground!" said he; "why, the ground gets as dry as dust in the summer time, and everything dies out for want of water. Why should we drain away the little water that it holds?" But the under-draining was more for the purpose of admitting air to the soil than water. When the water was allowed to

pass rapidly through the earth into the under-drains the air followed; and in this way the atmosphere was believed to do its full share of the work required. In like manner rolling the ground after seeding was not so much for the purpose of pressing the ground tight, but for pulverizing the clods, forming thousands of small air spaces where none existed before. It is in this line, indeed, that we have to look for the death of trees, which often follows filling up with earth over their roots. When the filling is done with earth full of broken bricks or stones, or with pure sand or gravel, the tree does not die, although the filling may be several feet in depth; but when filled with ordinary clay soil death almost always follows. In the former case air is still conveyed for the use of the roots; in the latter case the air is excluded. It is for the same reason that trees are killed by a sudden overflow of water in the summer time. Being absolutely under water, the air is completely excluded. It is the absence of air which causes their death. If the cultivator would thoroughly understand the advantage of air about the roots much greater success would follow his efforts than is frequently in evidence.—Meehans' Monthly.

Australian Apples.

Australia is found to be such a favorite home for the apple that immense orchards have been planted and are now in successful bearing. They find they can get them to England and still successfully compete with Americans in a financial sense. Nearly a hundred thousand cases had been received in England up to the first of June, the bulk of them coming from Tasmania. One great advantage they have is in their period of ripening, as the English markets can be supplied after the American apples have disappeared.—Meehans' Monthly.

Women Gardeners.

It was a bold move to open the Royal Gardens at Kew to women students as well as to young men. But the women graduates are making their mark. One of them has been appointed head gardener to J. Brogden, Esq., of the "Iscoed" estate, Ferry Side, Wales,—the first woman, we believe, to get an appointment in this new field.—Meehans' Monthly.

Fall of 1897 and Spring of 1898.

ENTOMOLOGIST'S CERTIFICATE.

This is to certify that on May 21st, 1897, I personally examined all stock of the Huntsville Wholesale Nurseries, and found it entirely free from San Jose Scale and otherwise in excellent condition.

Carl T. Baker

Entomologist of State Expt. Sta., Auburn, Ala.

DISTRIBUTING POINTS.

We are making St. Louis, Mo., Cincinnati, Ohio, Rochester, N. Y., and Philadelphia, Pa., distributing points; and will deliver free of freight charges to transfer companies, at either of these places, all orders in car lots, or in less than car lots, to be shipped from Huntsville on the dates named below:

For St. Louis—Early shipments from September 20th to October 10th; late shipments from October 25th to December 10th.

For Cincinnati, Rochester and Philadelphia—November 1st.

The orders will be packed in Huntsville, and those for less than car lots will be combined to make up car lots and shipped to these points and distributed promptly to the various railroads centering there. This plan insures quick time and low freight rates. Orders for less than car lots must be boxed at Huntsville. The price of boxes will be additional.

This offer to deliver to distributing points free of freight charges will not apply to less than car-lot orders, if shipment is required at other than the above named dates; but we will ship car-lot orders at any time after September 20th anywhere desired within the territory tributary to the cities designated, and will deduct from the bill the cost of freight to the nearest distributing point

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

In this issue of our price list we show the numbers, sizes and prices of all varieties remaining unsold to date. Correspondents should, however, give us the privilege of substituting varieties, sizes and prices, as far as it can be allowed, if in a hurry for shipment, as we do not substitute, as a rule, without permission.

Quarantine restrictions are removed at Biloxi, Miss., and we can now ship promptly from there.

GRADE-COUNT QUOTATIONS.

The publication of this list abrogates previous quotations. Except where prices are agreed upon, these quotations are subject to change without notice. See Terms and Conditions governing these quotations on another page.

Should the grade ordered be sold, state whether the next higher or lower grade may be substituted

These were very strong, handsome one-year trees, mostly 4 to 5 feet high, and many of them ½ inch calibre. They were grown from root-grafts, transplanted at one year old, cut back to the ground and one shoot allowed to grow. They have the appearance of two-year buds, and are very fine roots and tops.

APPLE SEEDLINGS, No. 1, 3-16 and up, \$3.00 per 1000; No. 2, 2-16 to 3-16, \$1.50 per 1000 in 5000 lots at Huntsville. Less quantities, 50 cents per 1300 additional.

PEACH TREES--On Peach, Leading Varieties.

Our Peach Trees are budded on seedlings grown from Tennessee and Alabama Pits. They are free from Aphid or Root-knots, and have fewer borers than those from most nurseries.

We can supply beautiful medium and small-sized peach trees. The lands upon which our peach trees are grown this year produces a light, well-matured tree, with fine roots. These trees will answer well the purpose of "June Buds," and are very much better to transplant, as they will be well matured to the terminal bud, while June Buds are often tender at the tips. The little trees we offer should not be confounded with the little culls left after the larger trees have been dug and offered so cheaply by other nurseries. Our peach trees have been grown with especial reference to the Southern trade, where small sizes are mostly wanted. The Yellows and Rosette are unknown in this locality, and we have been careful not to bring in any buds from affected localities.

Grown from cuttings. Price of boxes or bales to be added. Delivered at depot at Biloxi. On orders sent in by Northern customers for Spring delivery, we will pay freight to St. Louis, and hold in cold storage there until wanted. The No. 1 plants will have three or more branches and will be cut back to 24 to 30 inches. The roots are very fine.

We make a grade of Roses called No. 1½. This grade will be made up of plants just under No. 1, such as do not have the required number of branches or slightly under weight and height, and makes a very nice grade for mailing. Price 30 per cent. off the price of No. 1.

NO. 2 PLANTS OF ABOVE VARIETIES FOR TRANSPLANTING AT ONE-HALF THE PRICE OF NO. 1. The tops of No. 2 plants will be cut back to 2 or 3 inches, as they are only intended for transplanting.

STANDARD PEARS--One Year Cuttings--La Monte, Garber, per 1000, 5 to 6 feet, \$50; 4 to 5 feet, \$40; 3 to 4 feet, \$35

Terms and conditions governing above quotations are the same as those given by the Huntsville Wholesale Nurseries.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

RATES.—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred, orders requiring 300 trees or more, and not less than 10 of a variety, will be filled at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

SEASON.—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

SHIPPING DIRECTIONS.—We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

RELEASE.—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

PACKAGES.—The cost of package must be added to the prices quoted in this list, as follows: Boxes 30 inches square, from 7½ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 18 inches, \$1.50; bales from 25c. to 75c. each.

PACKING.—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

ASSORTMENTS.—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

TERMS.—Cash. When desired, we will allow 30 to 60 days from date of shipment to responsible,

prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

FORMS OF PAYMENT.—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add ¼ of one cent, to the amount of the bill for the cost of collection.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GUARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

ACCEPTANCE.—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.

LANDS FOR SALE.

A Rare Opportunity to Acquire a Home in the South.

We offer the following lands at HUNTSVILLE, ALA., and BILOXI, MISS., for one-third cash, balance in one, two and three years, with six per cent. interest, and will give purchasers contracts to grow nursery stock sufficient to pay the deferred payments:

One tract of 10 acres adjoining the Nurseries, with good dwelling house. Price \$400.

One tract of 10 acres adjoining the Nurseries, with new cottage of 6 rooms. Price \$650.

One tract of 270 acres adjoining the Nurseries on the East. A small stream of never-failing pure water runs through this place. Can be divided into smaller tracts. Price \$10.00 per acre.

One tract of 40 acres adjoining the Nurseries on the South, watered by a never-failing stream. Price \$15.00 per acre.

HOMES ON THE GULF COAST.

One tract of 50 acres adjoining the Biloxi Nurseries, with good dwelling house and outbuildings. Price \$800.

Two tracts of 50 acres each adjoining the Biloxi Nurseries, unimproved. Price per acre \$10.00.

WESTERN LAND.

Two tracts of 40 acres each in the heart of Ozarks. Fine orchard land. Unimproved Price per acre \$5.00.

One tract of 160 acres, unimproved, in Lincoln County, Neb. Price \$800.

One tract of 40 acres, unimproved, in St. Clair County, Mo. Price \$125.

One tract of 20 acres near Grand Junction, Colorado, with water rights, \$600.

One tract of 40 acres near Fruita, Colo., unimproved, \$400.

HUNTSVILLE, ALA.

Fresh Mazzard Cherry Seed.

The new Tariff Law imposes a duty on Mazzard Stocks, making it more than ever profitable for the grower to raise his own stocks.

As the difficulty in gathering quantities of this seed makes the supply small, the necessity for placing early orders is apparent, without even considering the benefit to seed in early planting. Send 30c for SAMPLE POUND, postpaid.

TENNESSEE AND VIRGINIA NATURAL PEACH PITS, MAHALEB CHERRY.
